

KINZE PLANTER RENTAL

1. Renter shall agree to operate Kinze Planter according to the operator's manual and district no-till technician's instructions. The operator is responsible for verifying the setting for the desired population.
2. DO NOT reset the meter under any circumstances. If the meter has been tampered with you will be charged for 80 acres of use per day of having the equipment.
3. Hoppers must be cleaned immediately after use. Operating speed of planter should not exceed 5.5 mph.
4. Renter agrees to pay: \$17 per acre for the first 40 acres, \$14 per acre over 40, a minimum fee of \$200 will be charged
5. All damages due to misuse or negligence on the part of the renter will be paid by the renter. Upon receiving the drill, the renter must check it over before using. If damage is seen, the district office should be called immediately so someone can check its condition. This will protect the renter from being charged for the damage.
6. All equipment shall be in clean, working order when it is picked up and upon completion of planting. Equipment will be returned in the same condition it is received. If these stipulations are not met, the renter will be charged a \$100.00 clean-up fee.
7. The planter will be delivered as close to the requested date as possible, but there will be no specific dates set in advance, due to weather and unpreventable circumstances. (Please contact 989-781-1720 x5 for scheduling)
8. Equipment shall NOT be transferred to another individual without the permission of the Saginaw Conservation District.
9. Length of possession of the planter, by any renter, will be determined by the technician. In cases of bad weather or break-down prohibiting use, please contact the technician as soon as possible to make arrangements. A fee of \$50 for the first day and \$100 each additional day will be charged for not adhering to technician's terms. This is an important step to keeping the planters/drills moving during planting season.
10. Balances will be due by December 1, however an early pay discount of 5% off will be assessed for balances paid before September 1. A late fee of \$25 per month will be charged on all bills not paid within 30 days of the due date, December 1st. If balances are not paid in full, use for next planting season will be withheld until prior bill is paid.
11. The renter will indemnify and hold harmless, the Saginaw Conservation District, of all claims arising out of the use of this equipment.

I, the undersigned, agree to use the Saginaw Conservation District's no-till planter as outlined in the above rental agreement.
